

THANK YOU FOR HELPING THESE IMMIGRANTS IN PHILADELPHIA

THESE PEOPLE are just some of the dozens of migrant families that you have helped. Most live in Philadelphia but you have also touched families in the homeland of some of these immigrants—in Honduras, Guatemala, Dominican Republic, Mexico, Afghanistan. You have helped them with clothing, furniture, food, medicines and medical help. You have helped them get to the doctor or dentist, to the clinic, to WIC, to Catholic Charities. You have helped them locate a church or mosque they could get to easily since most have no car. You have driven them to work, to the second-hand store, to the federal court building.

But, you say, when have I given them clothes, or food, or medical aid? When have I taken them to Catholic Charities or shown them where the nearest place of worship or clinic is?

You have helped with your donations of goods, with your tithes, with your monetary gifts. You have helped them with your prayers. You may have even greeted them in church.

- Please consider **continued giving** to the St. Vincent de Paul Refugee Fund. Please indicate clearly that it is to be deposited in the account (**Refugee Fund**) that has been set up to help immigrants and refugees. Undocumented immigrants and refugees will be helped.

You can contribute at church through the offering at Mass or you can send it to the church office. Write your checks out to St. Vincent de Paul Church and clearly indicate if the money is to be put in the “Refugee Fund”. Also, the tithing fund of the parish is sometimes used to help migrants.

The St. Vincent de Paul New Sanctuary Movement committee will use your gifts, donations and volunteer efforts to continue helping immigrants in Philadelphia. Contact us at:

THANK YOU GRACIAS

BOOK STUDY GROUP
Email us (NSM@Saint-Vincent-Church.org)
if you are interested in joining our
Thursday night discussion of the book
*Global Migration: What's Happening,
Why, and a Just Response.*
Starting March 16, 2023

Join us in supporting passage of HB 279, a
bill that would make our roads and
communities safer by permitting all
Pennsylvanians to apply for a driver's
license, regardless of immigration status.
